**Seed Guide**  
WESTERN CANADA

**So much more  
than just grain**

At Prograin, we put our expertise, know-how and passion to work for your performance. Our commitment: to offer you the best soybean seeds on the market day after day.

## **Innovation and research are at the heart of our mission.**

We continuously invest in the development of high-yielding varieties that combine productivity, quality and profitability. Our seeds incorporate the latest genetic advances, to enable you to meet the challenges of today... and tomorrow.

## **Our conventional soybeans are in high demand**

The growing global demand for soybeans for human consumption and associated premiums make it a prime option when planning your next season. Canadian soybeans are gaining an enviable position in international markets. In 2025-2026, conventional becomes a smart business decision, this year more than ever.

**Grow Smarter**
