GLOBALLY

The harvest season is going well and quickly in all the regions. The harvest progression is different per region. In eastern Quebec, the progress is up to 80% completed, in Montérégie 65%, in southwest 50%, in Outaouais 80%, on the north shore of the St. Lawrence 85% and in eastern Ontario 65%. The yield that has been harvested up to now is variable but similar to previous years. More than 30% of the producers will deliver higher yields than previous years, which makes it a record year for them.
